

ESG Policy

*IP Rings Ltd., is committed to the ethical practices in creation (**Design & Manufacturing**) of products, which makes significant & sustained contribution towards Environmental (**E**), Social (**S**) and Governance (**G**).*

This is achieved by

- **Creating** awareness to our Employees on the implementation of ESG Policy
- **Ensuring** compliance to all legal requirements with the support of interested parties
- **Reducing** carbon foot-print by controlling emission of green-house gases, employing energy-efficient technologies and effective usage of natural resources
- **Enlarging** greener environment within our factory and also in nearby communities
- **Monitoring**, Measurement and Control of all the indicators
- **Providing** employment opportunities to the nearby community
- **Improving** the quality of life of our employees and the society at large

We believe in infusing a spirit of ecological and environmental consciousness in all our endeavours for the sustainability of the above.
